DECEMBER 2018

### From the Chairman

My wife and I have been traveling a lot recently. We were on a short-term mission trip to Estonia in August and attended the LCMC National gathering in Des Moines, Iowa in October.

Estonia is part of the former Soviet Union and regained its independence in 1992, following the collapse of the Soviet Union. The Estonian Christian community suffered greatly under communism and we are working to help rebuild the body of Christ. For our short-term mission trip, we are part of a team that partners with local churches to hold week-long English camps using Bible stories. Our students are primarily adult women who are members of a local congregation. In the city of Tartu these camps have been held every year since 2006; however, the number of students attending has been

declining for the last two years. We were concerned about the effectiveness of our program. At the end of the camp, we discussed our concerns with some of the Estonian pastors. The pastors told us that the members who have attended show increased involvement in the church and an improved ability to witness and disciple other members of their congregation. While the numbers of students may have declined, through the many years of short-term mission trips we have been effective in making better disciples of the remaining students.

The Great Commission in Matthew 28:19 tells us to “Go make disciples of all nations...” Making disciples takes time and commitment. Jesus spent three years working with the apostles before they were ready. Also, you can’t worry about numbers. At times great crowds followed Jesus numbering in the thousands, but Acts 1:15 has only 120 followers remaining after the resurrection and ascension. These few followers went on to make Christianity the dominant religion in the Roman Empire in just 200 years.

We are all commissioned to make disciples. This was reinforced by the keynote speaker at the LCMC Gathering in Des Moines. Start with people that

## LCMC 18<sup>th</sup> Gathering 2018

Approximately 800 people attended the 18<sup>th</sup> Annual Gathering in Des Moines, Iowa.

The Keynote Speakers were from *Church Doctor Ministries* (Dr. Kent Hunter and Tracee Swank). *Church Doctor Ministries* has worked with over 1700 churches of many different denominations over the last 40 years. They provided the sobering statistic that over 80% of churches in the US are plateaued or declining. Additionally church members are aging, 80% of church members are over 40 years old and 40% are over 60 years old.

They see a cycle that has repeated throughout history for the followers of God: drifting from God, ignoring prophets, deterioration of civilization, feeling of hopelessness, receptivity, repentance, then back to faithfulness.

They have started to see signs that the United States may be on the cusp of another revival or awakening. In order for this new awakening to occur, Christians must utilize their spiritual gifts and we must operate as the priesthood of all believers.
